# Now even easier to use

LIFESPAN® SOLID SELECT is the premium range of solid clear wood siding and trim boards with a limited lifetime warranty – now that preservative end sealing of end-cuts is no longer required for warranty, it is even easier to use. Further the period before completion of top coating is extended to one year, so you will have plenty of time to complete your job.

LIFESPAN® SOLID SELECT is protected against rot and termites with an EPA registered Light Organic Solvent Preservative (LOSP) which also includes water repellent and stabilizing additives for dimensional stability. Because LIFESPAN® SOLID SELECT is made from solid clear lengths of New Zealand grown Radiata pine and free of heartwood, the preservative treatment penetrates 100% through every piece.

**Limited  
Lifetime  
Warranty**

**Clear grade  
lumber – no  
finger-joints  
or knots**

**Superior durability  
against rot,  
fungal attack  
and insects**

**Resists  
corrosion  
to nails and  
fastenings**

**FSC® Certified –  
environmentally  
responsible**

**Superior water  
resistance**

**Long-term  
termite  
protection**

**Real wood –  
a pleasure  
to work with**

**EPA-approved  
non-metallic  
preservative**

We are so confident of the treatment that we can now confirm that all LIFESPAN® products, even our 5/4" boards do not require preservative end sealing of cuts and rips under our limited lifetime warranty. Of course as with all natural wood products we recommend, as good building practice, primer coating on any exterior facing cuts and rips to maintain optimum appearance.

LIFESPAN® SOLID SELECT is factory coated with two coats of PPG premium alkyd primer. This primer coating now has a 1 year re-coating guarantee. Further LIFESPAN® SOLID SELECT products are backed with an extended paint system guarantee. A top coat paint system with a 10-15 year guarantee is separately available from PPG Architectural Divisions. Details can be obtained from PPG Customer Support (1-800-441-9695).

## LIFESPAN® SOLID SELECT

- Finished with 2 coats of premium alkyd primer NOW with a 1 year re-coating guarantee so you will have plenty of time to finish your job.
- Preservative end sealing of field cuts and rips not required.
- Extended top coat guarantee available from PPG Architectural Divisions
- Fully protected against rot and termites with Vacsol Azure LOSP treatment which is highly resistant to leaching.
- Dimensionally stable and resistant to moisture penetration.
- Limited lifetime warranty against rot and termites. Warranty is underwritten by Arch Wood Protection (NZ) Limited, a Lonza Company
- Safe for both exterior or interior use.

## LIMITED LIFETIME WARRANTY AGAINST FUNGAL DECAY AND INSECT ATTACK

The LIFESPAN® SOLID SELECT range of treated wood products is supported by a limited lifetime warranty for protection against fungal decay and insect attack. Where any LIFESPAN® SOLID SELECT product used in the appropriate application becomes structurally or functionally unserviceable during the lifetime of the original consumer purchaser due to fungal decay or insect attack, then replacement of the material will be provided by the manufacturer. This Warranty is limited to the original consumer purchaser or "first owners".

The manufacturer's liability under this Warranty is limited to the replacement cost of the defective LIFESPAN® SOLID SELECT product only. It does not include any other costs including freight, labor costs, finishing costs, consequential damages, incidental damages, or special damages arising directly or indirectly from the LIFESPAN® SOLID SELECT product, however caused.

To be covered under the limited lifetime Warranty, the "first owner" must be the recorded or documented owner of the property at the time or within 12 months of the time the LIFESPAN® wood product is installed by the builder or contractor. In all other circumstances the limited lifetime LIFESPAN® SOLID SELECT Warranty is not transferable to subsequent owners of the property.

In order to claim on this Warranty, the "first owners" must provide, at the time of claim, proof of purchase. This is necessary so that Fletcher Wood Solutions can properly identify the product as a LIFESPAN® SOLID SELECT product. This could include original invoices or sales receipts, or any LIFESPAN® SOLID SELECT end tags. Fletcher Wood Solutions may require, as a condition of meeting any warranty

claim, to inspect the relevant installation. In addition to satisfying all other conditions, limitations, and requirements referenced in this Warranty, any claims under this Warranty are specifically excluded unless the following specific terms and conditions are also satisfied:

- Compliance with all applicable Building Codes and Standards
- Compliance with the appropriate Hazard Class or Use Category (UC3A and UC3B). See "Where You Can Use LIFESPAN® SOLID SELECT" under the "Handling and Installation" section on page 10.
- Handling and installation requirements. See the "Handling and Installation" requirements section on page 10.
- The LIFESPAN® SOLID SELECT must have been well maintained in service in accordance with standard building recommendations and practices.

Except for the foregoing, and to the maximum extent permitted by law, Tenon makes no other warranties, representations, or conditions, expressed or implied, as to or concerning LIFESPAN® SOLID SELECT including claims and complaints relating to priming, painting, resin bleed, environmental, or health and safety issues and any and all other representations, warranties, terms and conditions implied by any laws are excluded.

Fletcher Wood Solutions makes no claim that LIFESPAN® SOLID SELECT will protect non-LIFESPAN® products from insects, rot or fungi. For further information regarding the terms and conditions, please contact your LIFESPAN® SOLID SELECT supplier.
